RATE A
RESIDENTIAL SERVICE

AVAILABILITY

This rate is available for Residential Service taken on a continuous year-round basis at one point of delivery. Service may be taken for a shorter period subject to the provisions of the short-term service charge.

CHARACTER OF SERVICE

End use service will be single phase, alternating current, 60 hertz, furnished at one standard secondary distribution voltage as described in the Company's Handbook of Requirements for Electric Service and Meter Installations.

BASIC RATE PER MONTH

*Includes transmission charges in accordance with Subsection 44.1 of the Terms & Conditions and includes Efficiency Maine Trust assessment charges in accordance with Subsection 49.1 of the Terms & Conditions.

SHORT-TERM SERVICE CHARGE

Customers who take short-term service will be billed for the first three months, or fraction thereof, $32.04 per month in addition to the regular monthly electric service rate (including the monthly minimum charge). A customer will be billed for no fewer than three consecutive months of short-term service.

A credit equal to one-ninth of the amount of short-term service charges billed during the first three months of short-term service will be applied to a short-term customer's bill for each month, or fraction thereof, that the short-term customer's term of service exceeds three months. In no case will the total amount of such credits exceed the total amount of short-term service charges billed.

When seasonal service customers take service for less than twelve consecutive months, they will be considered to be short-term customers and their final bills will be adjusted to include any unbilled short-term service charges and credits.

MINIMUM CHARGE

$10.68 per month, plus any charges due for short-term service.

Effective Date: July 1, 2017

RANGE A
RESIDENTIAL SERVICE

SPECIAL CONDITIONS

1. Multiple Dwelling Units Served Through One Meter

This rate will be applied on a per unit basis when more than one residential dwelling unit is served through one meter.

2. Loads of Intermittent, Irregular, or Occasional Use

Energy may be delivered under this rate for service to equipment which is used only intermittently, irregularly or occasionally, provided the Company's distribution facilities are, in the judgment of the Company, suitable for the service requested. Where such capacity and facilities do not already exist, the Company may require separately metered service for such loads.

Effective Date: For service rendered on and after March 1, 2000
